

The Long Beach Redevelopment
Agency and the Arts Council
for Long Beach present:

The Urban Lab: Chantilly Clad

An installation by
**Greenmeme, Freya Bardell
and Brian Howe**

Dedication:
Friday, August 13, 2010 at 5pm
Intersection of Lime Ave and
Ocean Blvd in Long Beach, CA

The Long Beach Redevelopment Agency and the Arts Council for Long Beach present the Urban Lab: Chantilly Clad, an innovative temporary art project.

Urban Lab: Chantilly Clad, by artists Freya Bardell and Brian Howe of Greenmeme, is a site-specific installation that transforms a vacant lot into a community gathering space and outdoor performance venue.

The Arts Council for Long Beach's A LOT series brings temporary visual and performance-based artwork to vacant lots. Each project is accompanied by an open-air symposium and/or lecture related to urban planning, civic engagement and art.

The Arts Council's A LOT Series will activate Chantilly Clad with FREE, open-air discussions, performances and events.
